This information contained on the website is designed for educational and information purposes only. It should not be considered as a substitute for advice given by a health professional covering any specific situation. The charity has taken every precaution in compiling the information on the website. In no event shall the charity or its contributors be liable for any special, direct, indirect, consequential, or incidental damages or any damages whatsoever, whether in an action of contract, negligence or other tort, arising out of or in connection with the use of the website or the contents of the website. The charity reserves the right to make additions, deletions, or modification to the contents on the website at any time without prior notice. The charity does not warrant that the website is free of viruses or other harmful components. Pre-eclampsia can kill in hours and requires immediate medical attention. Information contained on the website is for guidance only and is not intended to replace advice given by a health professional. The charity cannot be liable for any action taken or not taken as a result of information contained on this website. It does not replace professional medical advice, diagnosis, or treatment. Where we refer to pregnant women we recognise and acknowledge those who do not identify as women. If citing, it is advised that you check and use the publisher's definitive version for pagination, volume/issue, and date of publication details. And where the final published version is provided on the Research Portal, if citing you are again advised to check the publisher's website for any subsequent corrections. 0 ratings0% found this document useful (0 votes)37 viewsThis document presents recommendations from the 2021 International Society for the Study of Hypertension in Pregnancy (ISSHP) for classifying, diagnosing, and managing hypertensive disorders...Sandra Luzinete Felix de FreitasAl-enhanced title and descriptionSaveSave The 2021 International Society for the Study of Hy...
