

I'm human

This book provides a comprehensive account of Christian history from Jesus Christ to the Enlightenment era, combining narrative accounts with factual information and concept definitions. It focuses on the impact of the Christian faith on human civilization and draws on the work of Catholic historians such as Christopher Dawson and Hilaire Belloc. The authors aim to convey the story of Western heritage to young people, offering a Catholic perspective on this period in history. As part of our digital format, [CLICK HERE](#) to view a physical sample of our textbook. For Catholic students nationwide, we offer complimentary physical samples showcasing our textbooks' exceptional designs and content. Explore the benefits of our eBooks through our specialized platform. To learn more, contact Sales Representative Thomas McAnerny. The Catholic Textbook Project is a gift to American Catholic students, offering compatible teaching materials for history, geography, science, and more.
