Following the release of You season 4, Netflix announced in March 2023 that the hit series has been renewed for a fifth and final season. "You became an instant sensation on Netflix with a resounding cultural impact that has grown season over season," Netflix's Peter Friedlander, the vice president of scripted series for the U.S. and Canada said in a statement. "We're excited and a bit terrified to see how it all ends for Joe Goldberg, but one thing is for sure: 'You' are in for an unforgettable ending." In the fourth season of the show, viewers discovered a different side to Joe (Penn Badgley) as he attempted to stray from his murderous tendencies while living abroad under the pseudonym Professor Jonathan Moore. However, Joe quickly discovered that he couldn't entirely escape his dark past. From the cast to what the final season will be about, here's everything to know about You season 5. Warning: spoilers for You season 4 ahead. Courtesy of Netflix It wouldn't be You without Penn Badgley. The Gossip Girl alum is slated to reprise his role as Joe Goldberg in the new season. Kate (Charlotte Ritchie) will also return. Playing Joe's new obsession will be Madeline Brewer as Bronte, who is described as an enigmatic and free-spirited playwright who comes to work at Joe Goldbergs new bookstore, per Deadline. Anna Camp will do double duty as Reagan and Maddie Lockwood, Joes twin sisters-in-law, while Griffin Matthews is set to play Joe's brother-in-law Teddy Lockwood. Beth Dubber/Netflix As the show wraps up its final season, it's been theorized whether some of Joe's past victims and acquaintances will make a reappearance, namely Wednesday star Jenna Ortega, who played Ellie in season 2. In February 2023, showrunner Sera Gamble revealed that they actually tried to get Ortega back but her schedule with Netflix's Wednesday ended up interfering. "It's been just such a pleasure to see Jenna this year. We have ideas for Ellie if her schedule allows her to visit us again," Gamble teased at the time. Gamble went on to share that anyone who viewers didn't see die on screen could be on the table to bring back this season and maybe even those who have died aren't written off entirely either. "Any character who's not dead who knows anything about Joe, it's fair game to try to exert any justice," she said. "And any character who is dead, [Joe] has a really active imagination." During Tudum: A Global Fan Event in 2023, Badgley also teased the return of past cast members in the new season, includingTravis Van Winkle, Shalita Grant, andJohn Stamos, among others. The season 4 finale sees Joe return to New York City, where the show first began in season 1. Not only does the setting bring the series full circle, but it also opens up a wide range of possibilities for the story as Joe might have to come face-to-face with his past actions and maybe even past victims. Courtesy of Netflix Executive producer Michael Foley told Netflix's Tudum that the upcoming season will show Joe in full "adulging" mode. "In some ways, hes existing at the margins of the Lockwood ecosystem, and you would think that wouldnt be enough for Joe," he said. "And yet he loves this current life so much that hes willing to resist any impulses that might rock the boat and threaten the life hes made for himself. Most importantly, were really keying in on the life that hes providing for Henry. But after he meets Bronte, his world will be shaken up just as Kate's twin sisters are trying to push her out of their business. Can he be the old Joe and the new Joe? executive producer Justin W. Lo said. Its the essential question of the season. Previously, Badgley previously shared with PEOPLE his hopes for what's to come. "I feel like it's building towards a greater resolution," he said. "That's what I want for Joe ... because now, the circumstances are actually different. He has a level of power and wealth that he's never had." "With Love (Victoria Pedretti), he technically had wealth and he was adjacent to some power, but he hated it and he didn't take it for his own. Whereas now, he seems to be embracing it and taking it for his own. And to be honest, that's sort of terrifying prospect." Badgley added it's "an evolution of the whole conceit." You season 5 will have new showrunners, with executive producers Michael Foley and Justin W. Lo taking over for Sera Gamble, who originally developed the series Greg Berlanti. "As I step back from day-to-day showrunning to focus on new projects, I'm immensely grateful to co-creator and all-around genius Greg Berlanti, Caroline Kepnes, my friends at Berlanti Productions and Alloy Entertainment, and our steadfast partners at Warner Bros and Netflix," Gamble said in a statement. "Making the show alongside our writers, producers, directors, cast and crew has been an honor and ridiculously fun. And I feel lucky to have worked with an artist as gifted and thoughtful as Penn Badgley. I'm proud of what we've all accomplished and feel privileged to pass the torch. I'm excited to watch and support the You team as they bring Joe Goldberg's journey to its delightfully twisted conclusion." Joe Perez/Bauer-Griffin/GC On March 25, 2024, the official You X account revealed that filming was underway as they showed a picture of Badgley in character as Joe. "Back to where it all began. The 5th and final season of YOU is now in production," the caption read alongside a photo of Joe walking the streets of N.Y.C. Badgley announced that filming wrapped in August 2024 when he shared a TikTok video from the last day of filming that joined in on Jools Lebron's "very demure, very mindful" meme. "You see how I show up to work?" Badgley says in the video, showing himself lugging a large bag into a van. "Very demure, very mindful." The full length trailer for You season 5 arrived in March just over one month before the show was set to return. Picking up just as Joe and Kate return to New York City, viewers catch a glimpse of his interactions with Bronte. And when Joe finds out that Kate's sisters want to push her out as CEO at their family's company, it seems like he's ready to return to his usual tricks, though Kate may not agree. You want us to kill everyone whos suspicious of us for the rest of our lives? she says in the trailer. The full trailer followed a much shorter teaser that Netflix released in January 2025. It shows Joe walking through NYC, and then, entering Mooney's Bookstore the place where it all began in season 1. As he walks through the shop, scenes featuring his past victims play, including Beck (Elizabeth Lail), Love, Marienne (Tati Gabrielle) and Kate. A lot has happened these many years together, identities, cities, loves, complications, Joe can be heard saying. He then heads down to the basement, where he kept the glass box he used to hold his victims captive. But all that led me here, to now, to where I was always meant to be. And the one constant, the one thing that has always been there for me, is you," his voiceover continues. You, who have been there the whole time, and will be there with me to the end. Goodbye, you." The final season of You is set to premiere on Netflix on April 24, 2025. Courtesy of Netflix Speaking with British GQ, Badgley previously explained why he believes season 5 should be the show's last, especially after the major season 4 twist that the "Eat the Rich Killer" was actually Joe all along. "I know what [showrunner] Greg [Berlanti] pitched me a few years back as what he thought was the right way to end," he said. "If there's another one, it's going to be. I think, a grand finale." "It has to go to this place for five episodes where it's like, 'Is he going to become a hero as we've all wanted him to?' It doesn't make any sense when Joe becomes a hero," he admitted. "This is the only place the show could have ever gone and remain relevant, remain responsible, remain intelligent, remain sensitive, but true." Badgley added, "The whole thing has been building towards seeing Joe in a different light, truly, which we've never ever done before." Gamble also teased to E! News that the story has new possibilities now that Joe has more resources at his disposal since partnering with the wealthy Kate. "We have spent four seasons constructing these characters who are violently wealthy, but not all of them are that smart or that ruthless," Gamble explained. "If Joe is all of the things that he is and now has unlimited resources and access, he's become the thing that he envied and judged from afar. It gives us a lot of new opportunities." J!
