Ten Ten is a social tool known as TikTok's walkie-talkie that allows you to communicate with your friends easily. As if you were holding a real walkie-talkie from the past, you can easily chat with other users by entering a short identification code.Create your user profileAfter installing the Ten Ten APK on your smartphone, you must grant the app three permissions. These permissions will allow the tool to enable the smartphone's microphone to talk, access your contacts to find people you know, or send you a notification whenever someone wants to contact you. After this, you just need to create a user profile by adding a name and a main picture. You can even create your account using TikTok or Google sign-in to save time.Advertisement Remove ads and more with TurboAdd contacts easilyAdding friends on Ten Ten is simple. All you have to do is directly add the people from your address book who have the app installed and start sending messages to your friends. Additionally, the app lets you enter the codes of other unknown users so you can get chatting instantly.This is how Ten Ten worksLike a traditional walkie-talkie, Ten Ten will play any received messages even if your smartphone screen is locked. Sending any audio in real-time isn't difficult, as you only have to press and hold the image of any contact to chat.Download the Ten Ten APK for Android and enjoy this fun tool, also available for iPhone, that lets you chat with dozens of people walkie-talkie style. Remember that if you don't want to be caught off-guard by unexpected messages, you must turn on your phone's silent mode to prevent your friends' audio from sounding.
